Old Settlers Parade Route

You must watch the parade numbers south of the start point to find us .
We will post our parade number at the gym as soon as we get it, but we normally get it one week before the parade day.

We are normally staged for the start of the parade a block or so south of the start point.
We could be on the side streets as well, so please look for us.

Parents! At the end of the Parade, please pick up your kids at the corner of Park & S. Keeler Streets!
