

# **Our Goal**

Our goal at McCracken's is to teach your child to respect the water and feel comfortable while in the pool. We believe a fun and positive experience is essential to learning survival and swimming skills.

# **Our Facility**

We ensure a warm and inviting swim experience by maintaining our pool at a comfortable 90 degrees throughout the swim season, and a low 6:1 Student to teacher ratio.

We have entry steps built in for each class, handy bathroom facilities, spacious surroundings, and bleachers for parental and non-participating siblings.

Most importantly, we provide a printed progress report and certificate at the end of each two-week session for all swimmers.

We believe our 43 years of experience has helped us create the perfect teaching environment for the young beginning swimmer.

# 2020 Swim Lessons

We offer the kind of swim lessons we'd want for our own children.

#### Location

We're located just off I-35 in Olathe; approximately ½ mile west of Olathe South High School and ½ mile east of Olathe Medical Center.

At McCracken's, we maintain an open-door policy and **encourage** parent observation. Always feel free to call us with any questions or concerns.

#### **Weather Policy**

When lightening and thunder threaten, we take swimmers inside for an indoor water-safety lesson. As soon as weather permits, classes will resume outdoors.

If more than one rain day occurs, we will schedule a make-up class. **If in doubt – come on out!** 

## **Lesson Tips**

- Provide your child with easy to slip on shoes or flip flops.
- 2. Put your child's name on all personal belongings (towel, shoes, etc.)
- If you would like your child to wear sun screen, choose a waterproof lotion and apply it at least one hour prior to entering the water.
- Only provide your child with ear plugs if it is prescribed by your child's doctor. If your child does not need them for medical reasons, it is best to learn without plugs.
